Dear Parent/Guardian:

*Around the World in 80 days* by Jules Verne is an adventure novel published in 1873. The novel describes how a rich British inventor [Phileas Fogg] and his French Valet, attempt to travel around the world in 80 days after being challenged by another inventor [Jim Broadbent] to take the trip. During their travels, Fogg is mistaken for a bank robber in Egypt - ultimately delaying their trip. The novel has inspired many adventurers to attempt the same journey.

**Essential Questions:**

- How does technology affect how cultures interact?
- Why does new technology change cultures?
- Debate: Should societies embrace technology or be fearful of it?
- How does geography affect technology?
- Does culture impact innovation?
